Visit Crestron at CEDIA Expo

Experience Crestron at Booth 1410, Sound Room 1

Crestron, being the world's leading manufacturer of advanced commercial control systems and home automation systems, is introducing new, innovative and absolutely impressive products and technologies at CEDIA 2010.

CEDIA Expo 2010 will begin on Wednesday September 22, with educational courses and workshops. Tradeshow floor will officially open on Thursday, September 23rd at 10:00am. Crestron's exhibition features our newest products, such as the latest generation of digital solutions including DM 8G™- the world's fastest, most powerful AV network ever; and the ground-breaking Sonnex™ digital audio transport technology that will change whole house audio forever. The industry's first control systems built on an IT platform - powered by our revolutionary Core 3 OS will also be introduced. The new standards-based operating system provides seamless network integration, runs multiple programs simultaneously and offers the most interactive and graphically rich user experience. Other must-not-miss items are the expanded low-cost Prodigy® line including its innovative speakers, ADMS Intermedia Delivery™ System with new cool features added and #1 ranked iPad™ control app.

Don't miss the awe-inspiring Crestron Digital Home Theater Experience in Sound Room 1 where ADMS will deliver the ever expanding universe of digital content and PROCISE™ will immerse you in 2800 watts of pure 7.3 HD surround sound with bass that flows right through you. To your utter surprise and amusement, you will see things you did not know that are even existed.

Other Crestron Events include press tour and 6th Annual Crestron Integration Awards Presentation. For the trainings, you can participate in Crestron DigitalMedia™ Technology - HDMI Systems Solution and Crestron Prodigy - The Affordable Home Theater Solution with Multi-Room Audio Distribution - and there are three more for you to explore in the Crestron technology.

Now get a free pass by pre online registration (enter the coupon code 2010freetrade) or completing and faxing the guest pass (one per person) to 317-735-4067 by September 16, 2010 to avoid long lines at registration during CEDIA Expo 2010. Your badge and registration kit will be waiting for you at attendee registration when you arrive.

This promises to be the most exciting CEDIA in years and come visit us in booth 1410 and SR 1! If you can't make the trip to Atlanta then go to www.crestron.com/cedia for updates throughout each day, including video coverage from the show floor.
